

3. Results of Simulation

Some results of simulation are shown in flowing figures.

$$x = 60, y = 750, \Phi = 60^\circ$$

$$x = 30, y = 600, \Phi = 120^\circ$$

$$x = 90, y = 300, \Phi = 40^\circ$$

$$x = 10, y = 150, \Phi = 160^\circ$$
